

Russian Symphony Society's Last Concert of the Season

Tchaikowsky's Fourth Sym-
phony Played—Sigrist Sings
Five Russian Songs.

By SYLVESTER RAWLING.

MODEST ALTSCHULER brought the season's subscription concert of the Russian Symphony Society to an end last night in Carnegie Hall before a much larger audience than usual. Tchaikowsky's fourth symphony was the chief attraction and it was played fairly well, the scherzo with a lightness and crispness that was unusual.

Of the new offerings Ilyinski's "Psyche," a symphonic fragment, proved most attractive. Glazunov's "Spring" also had charm. A because of Jeanette's violin obligato played by Maurice Kaufmann, and the cello obligato by Gregory Allen, won the most applause.

Ludmilla Sigrist, of the Manhattan Opera-House Company, was the soloist. She sang five Russian songs in the native tongue with no particular grace and little effect, but she wore a startling red gown.

Two Caucasian sketches by Ippolitov-Ivanov, old favorites, ended the programme. Jacob Altschuler played the viola obligato and Alexander Lefandau the English horn obligato in "In the Aul." "The March of Sarda" sent everybody home in a good humor.

PRAISES EVENING WORLD.

Gravesend League Extends Ap-
preciation of Fight for Five
Cent Fare Bill.

GRAVESSEND IMPROVEMENT
LEAGUE.

Gravesend, Boro' B'klyn, March 6, 1908.
To the Editor of The Evening World:

Dear Sir:—At a meeting held by the Gravesend Improvement League Monday, March 2, the question of a five cent fare to Coney Island was up for discussion, and it was the unanimous vote of the league to extend your paper our sincere appreciation of your splendid fight against overwhelming odds for the Wagner bill calling for a five cent fare to Coney Island.

The fearless way in which you have been hammering at the enemies of this bill and your incessant demand upon the Legislature to pass this Wagner bill will merit the esteem and friendship of all New Yorkers.

We fully appreciate the vast amount of good which you have done for the citizens of Brooklyn by your practical and unselfish advice, and the large amount of money which you have expended for the betterment of our city. We wish you all success, and assure you that every man in our league is with you in your work.

Very truly yours,
WILLIAM E. PLATT,
President.

KNIGHTS AND LADIES OF HONOR

The Propaganda Committee of the Grand Lodge of the State of New York of the Knights and Ladies of Honor have arranged for a mass meeting at Maennerchor Hall, Fifty-sixth street and Third avenue, to-night, Supreme Protector L. B. Lockhard, Supreme Secretary George D. Tait, Adam Knobloch, the New York State Grand Protector, and all the Grand Lodge members, will make addresses.

Fat People

Excessive Fat or Obesity Is a
Dangerous Disease That
Hastens Death.

A New York Doctor and Scientist
has Perfected a New Scientific Sys-
tem of Treatment that Reduces Fat
and Restores Health and Strength.
A Free Trial Treatment Will Be Sent as a
Gift to Every Fat Person
Who is a Reader of This Paper.

After many years spent in the laboratory, Doctor H. C. Bradford, a New York physician of standing and good repute, and now at the head of the well-known United States Medical Dispensary, has made the startling announcement that he has produced a treatment that can actually reduce any man or woman to normal weight, and the reduction in weight is guaranteed from 3 TO 5 POUNDS A WEEK. The record of the cures already made is truly marvellous, and were it not for the high standing of the great physician and the convincing testimony of thousands of citizens all over the country it would seem almost beyond belief.

Dr. Bradford's treatment is recommended by physicians in their private practice, and is taken by prominent doctors. Because they recognize it as the greatest and most successful treatment that science has ever been able to compound.

Excessive fat or obesity is a disease that hastens death. Dr. H. C. Bradford, a famous authority, says:

"Not one fat person in fifty dies of what is called, obesity. The typical man or woman of eighty or ninety, still retaining a respectable amount of energy of mind or body, is lean and active. How many very old people do you know who are over-fat? Count them on your fingers and you will find very few. Fat people really reach old age. Over-fatness interferes with the action of the heart and other vital organs. That is why fat people puff and pant upon the least exertion, and often die suddenly from heart failure, kidney diseases or apoplexy."

Among those who have taken Dr. Bradford's treatment in order to obtain a permanent cure, and be restored to normal weight and be relieved from the dangerous condition, superfluous fat, are many well-known citizens. Physicians, Doctors of Law, Preachers, Lecturers, Authors, Military Commanders, Opera Stars, Students, Dress-makers, and in fact persons in all the various walks of life.

Dr. Bradford asserts and will prove that when you have reduced your flesh to the desired weight you can retain it. Your face will become stout again. Your skin will be clear and handsome and you will feel and look years younger. Double or under chin, fatty cheeks, heavy abdomen, fat hips and other disagreeable evidences of obesity are removed speedily. Your complexion is made clear and healthy, and as the fat is reduced the skin becomes close fitting and free from wrinkles. The flesh becomes firm and solid, and the muscles regain strength, activity and vigor.

Address your communication in the strictest confidence. The doctor observes strict professional ethics, and is very particular on this point. A free trial treatment will be sent you as a gift, also his new book on Obesity, which describes and reveals many severe treating Obesity, its cause and cure. If you wish a free sample treatment, send him a check, money order or postal card to the doctor today requesting it. As stated, it will be sent you free.

Henry C. Bradford, M. D., President United States Medical Dispensary, Dept. 184A, 20 West Twenty-second Street, New York City.
